DIRECTIONS FOR USING LILY POM AND TUFT FORM WITH LILY RUG YARN

FOR MAKING POM PONS

- 1.—Drive posts into holes at each end of form. Cut eight tie-strings from Lily Bug Yarn—7" long—and beginning with the first slot next to the post, place the tie-strings in every other slot.
- 2.—Loop Lily Rug Yarn around one post and wind back and forth around posts LOOSELY sixteen complete times, making a total of 32 strands. Tie-off at the starting end post.
- 3.—Press all strands firmly down into groove and tie a firm single knot with each tie string.
- 4.—With sharp knife cut through yarn in the grooves at each slot between tie-strings, cutting the two ends first.
- 5.—Remove poms looped around each post and with sharp scissors cut through middle of the loop. Remove other poms and fluff-up by gently hitting on table edge.

Directions for Sewing-On Finished Poms to Foundations

- A.—Thread one end of tie-strings through rug needle, loop under foundation dot—and,
- B.—With other end of tie-string make one tie in a loose single knot . . .
- C.—Turn Pom over and tie firmly with double (square) knot. Trim tie-strings to match with poms in length.

Turn edge of Foundation back twice under along outside row of poms or tufts and hem down. Shake out finished rug.

FINISHING INSTRUCTION

FOR MAKING TUFTS

Drive posts into holes at each end of form. Using four tie strings—3½" long, place in second slot from the post, and every fourth slot thereafter.

Use 11 turns, or 22 strands of Lily Rug Yarn—wound loosely on posts. Press into the groove and tie as for making poms. Cut through the third slot from each end FIRST—and make one cut through the center slot. Remove end tufts from posts and cut through looped ends with scissors.

If tie-strings are centered in the groove and tightly tied, the ends will be the exact length of the tufts, which are now ready for sewing on foundation.

SEWING ON TUFTS

Loop same color yarn thru foundation dot with two stitches side by side. Insert tuft and tighten loop. Tie with double square knot.
