GENERAL DIRECTIONS FOR USING LILY POM AND TUFT FORM WITH LILY RUG YARN

FOR MAKING POM PONS—(1) Drive posts into holes at each end of Form. Cut 8 tie-strings from Lily Rug Yarn 7" long, and beginning with the first slot next to the post, place the tie-strings in every other slot. (2) Loop 2 strands Lily Rug Yarn around one post and wind back and forth around posts LOOSELY 5½ times, making total of 22 strands. Wrap once around end of Form to keep yarn from slipping. (3) Press all strands firmly down into groove and tie a tight single knot with each tie-string. (4) With sharp knife cut through yarn in the groove at each slot between tie-strings, cutting the two ends first. (5) Remove poms looped around each post and with sharp scissors cut through middle of the loop. Remove other poms. Holding each pom by the tie-string, rub and roll it lightly around on the canvas foundation to fluff into a pom pon.

FOR TYING ON POM PONS—(A) Thread one end of tie-string through rug needle and make a small stitch under a dot on foundation. (B) With other end of tie-string, tie in a right single knot under pom. (C) Turn Pom over and tie firmly with double (square) knot. Trim tie-string ends even with pom length.

FOR MAKING TUFTS—Drive posts into holes at each end of Form. Cut 4 tie-strings 7" long,

place in second slot from post, and in every fourth slot thereafter. Wind 2 strands Lily Rug Yarn 5½ times (22 strands) loosely around posts. Press into the groove and tie as for making Poms. Cut through the third slot from ends FIRST, and make one cut through the center slot. Remove end tufts from posts and cut through looped ends with scissors.

FOR TYING ON TUFTS—(1) Thread one end of tie-string through rug needle and make a small stitch under a dot on foundation. (2) With original knot (made on Form) underneath tuft, bring both ends of tie-string up from underneath (one on each side), and tie a tight double (square) knot across top of tuft. (3) Trim tie-string ends even with tuft length.

FOR MAKING HALF TUFTS—Cut 4 tie-strings and place on Form as for making tufts. Wind one strand 5½ times around Form, tie and cut apart, making four 11 strand half-tufts. Tie on same as tufts.

FOR FINISHING RUG—When rugs are completed, turn edge of canvas back twice and hem down. Shake well to fluff.

NOTE: If directions are followed properly there will be no wasted yarn.
