SPOT EMBROIDERY

THIS booklet contains fifty embroidery motifs, all of them specially created to decorate spotted materials.

There is no need to embroider every spot; a simple border or a few cleverly placed, easy-to-work motifs will be enough to provide that extra personal touch you are looking for. Whatever you are making - rompers, dress, blouse or even a table-cover - you will find lots of suggestions on how to use these motifs. How you alter or combine them and how you change the colour schemes is a matter of your own taste.
